Sponsorship & Exhibition Prospectus

Date : October 20, 2025

Venue : Kuramae Hall, Tokyo Tech Front, Institute of Science Tokyo (Address: 2-12-1, Ookayama, Meguro-ku, Tokyo 152-8550)

<https://www.somuka.titech.ac.jp/ttf/index.html>

Porous materials including microporous, mesoporous and macroporous materials have attracted much attention because they contribute to the solution of the issues of energy, resources and environment, establishing a sustainable society.

The International Symposium on Porous Materials (ISPM) is intended to provide a forum for researchers in the world, especially students, to discuss recent developments in research and applications of porous materials. We have successfully and annually organized the ISPM2019, ISPM2020, ISPM2021, IOSPM2022, ISPM2023, and ISPM2024. The 7th International Symposium on Porous Materials 2025 (ISPM2025) will take place in Tokyo on October 20, 2025.

The symposium will consist of general oral and poster presentations by young researchers as well as plenary and invited lectures, and aim at promoting the fundamental and applied studies on porous materials. We hope that this symposium will be the start of strengthening the relationship among the participants and building a next generation network.

Banner ad on the website

- Price : 150,000 JPY (Size: 200W pixel×200D pixel)
80,000 JPY (Size: 200W pixel×100D pixel)
- Benefits : Complimentary registration for 2 persons

Application deadline : September 30, 2025

Payment method: Bank transfer (The details will be available later)
